THE PRO-TECH PROMISE.

Service, Support and Satisfaction – Second to None. The Pro-Tech Service Award recognizes those Konica Minolta dealers who have demonstrated an exceptional commitment to customer support and satisfaction. The Pro-Tech Service standard is challenging – and the evaluation procedure is rigorous and far-reaching.

Every element of the service operation is scrutinized, including technical expertise, inventory control, dispatch systems, management skills and customer satisfaction. This rigid standard is the reason our Pro-Tech Award has become such a powerful symbol of dedication and proficiency. Attaining Pro-Tech certification and becoming a member of the elite Pro-Tech group is indeed an honor.

Excellence

You can count on your Pro-Tech dealer to give you their best effort, every day of the year – offering every

Konica Minolta customer the benefit of a broad range of enhanced technical and management skills, including:

- Professional, customer-oriented service department management and administration policies
- Service response times significantly better than the industry average
- Preventive maintenance programs that ensure maximum uptime and superior performance
- Inventory control systems that provide immediate access to replacement parts and components
- Comprehensive training programs and performance reviews to maintain the highest level of expertise
- Skilled technical specialists and service personnel trained on your specific products
